Note: The method used to determine homestate/homecountry changed is as follows:

- 1) Define "Other Countries" as all students who have a homecountry present that is not equal to the US.
- 2) Define "Other States" as all students who have a homestate present that is not LA or TX and a homecountry that is equal to US.
- 3) Define "Louisiana" and "Texas" as all students who have a homestate present equal to LA or TX and a homecountry equal to US.
- 4) For any remaining students, ascertain homestate and homecountry from the SIS system and then determine accordingly based on the three preceding rules.
