NOTE: A student may not be admitted for the following reasons: referred, withdrew application before admittance, missing requirements, wait list, and not referable. Admits do include those applicants who withdrew their application after admittance.

*New students include entering freshmen, entering sophomores, transfer students, and new graduate students (GD, GN, or GT). The difference between the # of new students and the # of enrollees is the fact that new students excludes preparatory, special admit, readmit, and graduate readmit students and includes continuing entering freshmen from the summer. Also, students can change majors between the time of admission and the 14th class day.
